

STONE VENEER
WORLD

Where Quality Is Affordable
stonevenerworld.com

Quality Meets Affordability

Stone Veneer World is proud to offer our premium line of beautiful and incredibly affordable natural stone veneers.

With over ten colors and multiple shapes and sizes to choose from, including ledgerstone, square & rectangle, round, and mosaic, our exclusive veneers provide grace and style to any construction.

Our stone veneers are sourced directly from the quarries, so we can guarantee our lowest prices with the highest quality. Each natural stone is hand-picked and sorted, then cut by skilled, expert craftsmen into distinctive shapes with a timeless beauty that compliments each stone's unique color and texture, and ultimately, compliments your home. Our Stone Veneers are always tightly packed in the crate to make sure you get the most product possible.

Beauty, Durability & Style - Inside and Outside

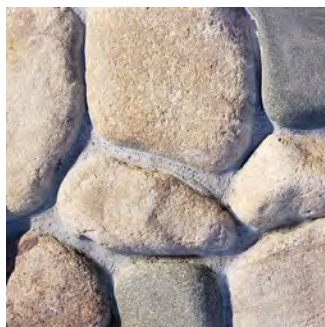

For exterior or interior projects, our veneers are a cost-effective way to add an element of style and aesthetic beauty to your home. Our veneers are crafted with a thin cut, about 3/4" to 1 1/2" thick, making them suitable for interior areas that cannot support heavy weight, such as accent walls, backsplashes, facades, fireplaces, kitchens, or bathrooms.

Outside the house, our veneers provide the durability, strength, and excellence expected of a high-quality material. Our stone veneers will stand up to the outside elements while retaining their charm and splendor for years to come.

Do you need to find a contractor for your project?

We can help you connect with qualified professionals within our network through our Contractor Referral Program.

Do you have questions? Are you looking for inspiration?

Visit our website or call our knowledgeable staff. We are always glad to show you the best options, materials and ideas to help you make the most out of your project.

Photos in brochure are meant to give a general idea of our material. Stone Veneer World offers only natural stone products which are provided to you "as is". To view displays, request samples, and work with sales professionals able to realize your vision, call us or visit our website.

Stones displayed in photos have been professionally shaped and field-trimmed. Finished applications are at the discretion of the property owner and installing contractor. Every stone veneer will vary in color, shape and size.

If multiple pallets are being used on your project, blend all material before installation for best results. Please check our website for information on packaging and more.
